

SUNRISE RESOURCES PLC

AIM Announcement

1 September 2014

SUNRISE RESOURCES PLC ("the Company")

UPDATED COMPANY PRESENTATION

Sunrise Resources plc, the AIM traded diversified mineral exploration and development company, is pleased to announce that an updated company presentation is available for download on the Company's website: www.sunriseresourcesplc.com.

This follows a series of positive announcements from the Company's 2014 exploration programmes including:

- Three new kimberlite dyke discoveries in 2014 at Cue Diamond Project, Australia – at least two are diamondiferous
- Licences granted at Baker's & Corona Gold Projects, Australia – soil sampling now planned prior to drilling
- Positive second round sampling results at the County Line Diatomite Project, Nevada, USA where large tonnage potential is indicated. Drilling planned
- Further project acquisition in Nevada – Garfield Gold-Copper Project with high grade gold and copper values in preliminary grab samples

Commenting today, Executive Chairman Patrick Cheetham said: "It has been a busy summer with a number of recent positive news announcements on our projects in Australia and Nevada. Our new kimberlite discoveries at Cue continue to validate the Company's exploration methods, highlighting additional areas for priority follow-up, and we continue to build our portfolio of exciting exploration projects in the USA."
